OUTDURA

WHAT TO KNOW

DURABLE, BEAUTIFUL,
PERFORMANCE FABRICS

Produced with the highest quality standards
in the industry.

100% SOLUTION-DYED ACRYLIC
The saturation into each pigment, not just on the surface, keeps the true color for a longer period of time providing years of enjoyment with any Outdura fabric choice.

BRIGHT COLORS WITH A HIGH LUMINOSITY
Performance characteristics are an integral part of the fabric construction and allow the colors to illuminate and retain their original hue.

UV FADE RESISTANT
Protection is spun into each fiber exceeding 1,500 hours testing, so that colorfastness remains through sun & weather exposure.

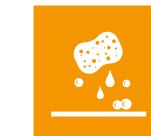

STAIN & WATER RESISTANT
Scoring 90 of 100 on the strict AATCC spray test, the performance rating proves the superior surface finish repels water and prevents excessive moisture to penetrate, making this the perfect fabric for outdoor use as well as kid and pet-friendly indoor furniture.

MOLD & MILDEW RESISTANT
Fibers will not hold moisture - keeping dirt and grime cleared from fabric is key to the prevention of mold & mildew.

BREATHABLE
Allows air to pass through, creating comfortable, airy fabrics that are impervious to the outdoor elements as well as spills.

BLEACH CLEANABLE
Normal Cleaning: Remove loose dirt. Prepare a mixture of lukewarm water and mild soap. Rub in mixture with a soft brush and allow to thoroughly soak into the fabric. Rinse and air dry.

Stubborn Stains: Remove as much surface dirt as possible. Soak fabric for 1 hour with a mixture of 1 gallon cold water, ½ cup bleach, and ½ cup mild soap. Rub in with a soft brush and rinse thoroughly with cold to lukewarm water. Air dry.
